

## CLASS/WORKSHOP DESCRIPTIONS

### **FREE INTRO TO PHOTOGRAPHY CLASS**

Everyone needs to start somewhere and this is the place. Even if you have had your digital camera (point & shoot or DSLR) for a while, it always pays to go over the foundations of photography. We will go over camera basics, shooting modes and photography techniques.

Equipment: Camera - point and shoot or DSLR

- any accessories you might have purchased
- camera manual (that paper thing we got with the camera but hardly ever read)

## **SERIES I**

### **DIGITAL PHOTOGRAPHY 1 - THE CAMERA**

This class gives an overview of digital photography camera operation including: Using the Auto Modes and the Program mode, which is like automatic, except it offers the photographer more control. Learn the techniques that determine which mode to choose and why. We will also cover ISO, Metering Modes, White Balance, Picture Styles and more.

Cost: \$50 per class or \$160 all 4 sessions      LIMITED SPACE

### **DIGITAL PHOTOGRAPHY 2 - EXPOSURE**

This class is designed to simplify your understanding of how the camera thinks and sees. Learn the process of how to read your meter and control your exposure. The Histogram is a graph of your exposure and is used throughout the digital imaging process. Learn how achieving proper exposure is the key to producing quality images.

Cost: \$50 per class or \$160 all 4 sessions

### **DIGITAL PHOTOGRAPHY 3 - LIGHTING**

Photography is all about the light. Learn how to see your subject, in relation to the background, to determine your camera position. The uses of flash, reflectors and the introduction of other light sources are presented to demonstrate how to improve image quality beyond the limitations of your camera.

Cost: \$50 per class or \$160 all 4 sessions

### **DIGITAL PHOTOGRAPHY 4 - PHOTOSHOP**

Downloading, sizing, saving and sending. This class will demonstrate what to do with your digital images. The class will feature Photoshop Elements as the application for filing, processing and sizing your images for a particular use. Other photo applications will be discussed as well.

Cost: \$50 per class or \$160 all 4 sessions
